

AGENDA REPORT

TO: Mayor & City Commissioners
FROM: Ken Hibl, City Manager
DATE: August 11, 2010
RE: City Manager's Report

For the Agenda of August 16, 2010

Hospital Joint Committee Survey Results. To retain its accreditation, MidMichigan Medical Center – Clare is required to undergo period inspections/evaluations. The results (copy att'd) of the most recent evaluation reflect that the Clare hospital ranks among the top percentile of all hospitals nation-wide, which is superb testimony to the management and medical staff of our hospital.

Progress Report – East Wheaton & Pine Street Renovation Project. Curb and other concrete work (sidewalks and approaches) should be completed today; roadbed (sand and gravel) work should be completed tomorrow; restoration should be completed by August 18th. As of today, we don't have a date for paving – is dependent upon the schedule of Central Asphalt. We full anticipate this project to be completed long before school-start date (September 7th).

First September Meeting. The first Clare City Commission meeting for the month of September will be held on Tuesday, September 7th versus Monday, September 6th due to the Labor Day Holiday. City offices will be closed on September 6th in commemoration of the federal holiday.

Attachments. Evaluation Results.

The average score of the top 10% of hospitals was 7, ours was 3; the average score nationwide was 40. **The lower the score, the better.**

“PFP” stands for “Priority Focus Process”; “PDA” stands for “Preliminary Denial of Accreditation”.

This is a **superb** performance---thanks again to everybody. Larry

Overall PFP Point Totals

Note: Higher point totals may indicate risk as the data that assign points are primarily negative and outlier data.

Consider with caution - PDA Comparative results not sufficiently reliable due to small sample size.
